

# Transportation Liability and Errors & Omissions Program (ForPro)

WCAworld's ForPro Program provides a package policy that includes Legal Liability and Errors & Omissions Insurance coverage. The program provides coverage to protect you against:

## Legal Liability Insurance

Coverage for your limited liability for physical loss or damage to cargo while in transit or storage while in your care, custody or control or a party with whom you have contracted to provide transportation services.

## First Dollar Legal Defense

Your insurer will cover all legal costs (within the limits of your policy) in the event that you are forced to protect yourself against a claim. This type of coverage is offered without applying a deductible.

## Errors & Omissions

Liabilities for negligence, errors, omissions or mistakes made by your company.

## Demurrage | Storage | Disposal Coverage on Abandoned Cargo

Unique to the WCAworld ForPro program, this specific coverage cannot be obtained elsewhere on the open market. The option provides coverage if you are held legally liable for demurrage, storage, port, forwarding or other charges arising directly or indirectly out of the failure of the consignee or receiver to take delivery of the goods.
